# 2208LV

IDT's Pro HD displays are built for the most stringent specifications required by today's demanding markets. Whether the application is Home Theatre, Retail, Digital Signage or Hospitality, IDT's displays are the perfect choice.

Equipped with 720p HD capability, high brightness and a superb contrast ratio, the 2208LV can meet any specification or requirement.

The 2208LV also provides a wide variety of inputs from HDMI to VGA. The 2208LV allows every user the flexibility to use the right signal for the right application.

IDT also offers the ability to purchase our displays OEM. The displays are offered with our logo, with no logo or the customer's logo and artwork.
